

Quality Policy Statement

RCDC Limited provides reinforced concrete detailing & steel connection design & fabrication drawing services to a range of customers in both the commercial and industrial sectors.

Committed to being the first choice for its customers RCDC are committed to the following quality policy requirements

- Every employee is committed to 'Self-Inspection' of their own work at all stages of the business process.
- Comply with and surpass the requirements of ISO 9001 through effective processes
- The continual improvement of our processes and supporting quality procedures.
- Improvement of individual employee performance.
- Improvement of overall business performance against our business plan targets
- Establish and periodically review of our quality/business objectives and associated programmes of work.
- Communicating the content of our quality management system to the team and involving the team in improvements.
- Reviewing this quality policy via the management review process ensuring that it remains fit for purpose
- Ensuring the quality policy is communicated to each of our employees and to customers when requested.

George Kapetanos

Managing Director

A handwritten signature in black ink, appearing to read 'G. Kapetanos'.
